

TRANSFORMING PERFORMANCE...

...LEADING CHANGE

People Based Project Management

About the People Based Project Management Programme

The People Based Project Management Programme is designed for those who have found themselves running projects and want to top up their knowledge as well as those who have been through programmes such as PRINCE2 and need to fill in the gaps in their knowledge and practical skills.

Delivered by experienced project and programme managers using a combination of practical exercises, high quality presentations and interactive discussions, the People Based Project Management Programme provides all the skills and knowledge to run successful projects.

The People Based Project Management Programme consists of 3 days of training and a post-training project and graduates receive an endorsed certificate and CPD points.

Graduates of the People Based Project Management Programme receive an endorsed certificate and CPD points as well as credits toward our Lean Leader & Performance Excellence programmes.

Outline Programme Content

- Project Management Overview
- The Project Life-Cycle
- Planning & Organising Projects
- Managing Risk & Conflict
- Project Control & Monitoring
- Managing Change & Project Teams
- Influencing Stakeholders
- Project Close-Out & Review
- Telephone and email coaching support

Amnis Lean Leader Programme

Amnis Performance
Excellence Programme

“Amnis trainers can take complex concepts and communicate them in a way that is both understandable and easy to grasp. Students can take it away and apply the practical principles/ methods/ techniques immediately. The training provides straight forward techniques necessary to make the project happen. I felt I could leave the training room and have a go at sorting out pretty much anything”

Bridget Fitzsimon NMP, Quality & Professional Standards Manager, Addiction Service, WCPCT

The People Based Project Management programme is a module in the Lean Leader Programme.
